Agenda online:

www.hispanicphysicists.org/dia_agenda/

Plenary Talks:

The Physics of Materials, Dr. Luz Martinez-Miranda, U Maryland
Physics Education Research, Dr. Ximena Cid, Cal State U Dominguez Hills
The Physics of LIGO, Dr. Karla Ramirez Guevara, Caltech-LIGO Laboratory
Space Physics Research, Dr. Ramon Lopez, U Texas at Arlington
The Dragonfly Project, Dr. Lynnae Quick, NASA Goddard Space Flight Center
& Dr. Elizabeth "Zibi" Turtle, Dragonfly Mission PI & APL

Join us for the 2021 Día de la Física, which will be held (online - via zoom) on Saturday, October 30th, 2021. The conference will have five plenary research presentations and professional development sessions (how to apply to REUs, get into grad school, perform well in the GRE, and make the transition to industry). It will conclude with the annual members' meeting.

Día de la Física/Day of Physics is hosted by the National Society of Hispanic Physicists (NSHP). NSHP is a nonprofit that represents Hispanic and Latino physicists in higher education, national laboratories, and industry in the U.S. and across the world.

Organizers: Mario Borunda, Oklahoma State University and Juan Burciaga, Colorado College
